HILL COUNTRY, TX

**A space made  
for big ideas.**

**It doesn't feel like working  
when you're glamping at  
Outdoorsy Texas Hill Country.**

# Don't just set your OOO. Physically *get out of the office.*

When you're bouncing from meeting to meeting, task to task, your brain doesn't have the time or space to think freely. Even creative work sessions and brainstorming meetings can feel like a grind when you have the rest of the day's work waiting for you to return.

If only you could have a day—or maybe even a whole week—to dedicate solely to free thinking and problem solving...

Opened just this year, Outdoorsy Hill County has luxury glamping tents for your C-suite and the vast Texas horizon as your backdrop to inspire blue-sky thinking.

***This is what a corporate retreat should look like.***

Come for work, stay for the weekend.

# Disconnect in order to connect.

Get out of your head and into the outdoors on 32 acres in the heart of Texas Hill Country. Away from fluorescent lights and laptop screens, you can truly unplug from emails, meetings, and more urgencies to let your mind wander into uncharted territory.

Fall asleep to the frog chorus. Wake up with the sunrise. Put everyone on mute under a live oak. Be present, feel at home, and let the answers find you.

Reserve luxury glamping tents for your team and join us in the rugged landscape of Hill Country to bond, set visions, and build skills.
